To be read in conjunction with the scope above or any attached appendix.*

Capability	Description of Capability	<b>Costs or Fees</b> <i>Types of costs or fees that a user may be required to pay to purchase, license, implement, maintain, upgrade, use, or otherwise enable and support the use of the implementation or use of the capability -OR- in connection with the data generated in the course using the capability</i>
Epitomax EHR	Behavioral Health Electronic Health Record	One-time implementation/setup/training fee priced based on provider size and complexity (number of users and programs). Monthly per-user maintenance fee (which includes support and upgrades).
ePrescribing	Electronic prescribing.	One-time implementation fee for each prescriber, and annual maintenance.
Patient Portal	Patient portal service allows patients to view their health information online as well as download and transmit a summary of their healthcare information to a third party electronically.	Monthly active user fee.
Secure Communications (Direct Project)	Ability to send clinical summaries to third parties via CDA documents and Direct messaging.	Monthly fee for each registered Direct address.
Immunization Registry Integration	Ability to send and receive immunization records with an immunization registry.	One-time implementation fee and monthly maintenance fee per registry. The monthly costs are based on the volume of messages sent to each registry.
Clinical Quality Measure (CQM) Integration	Calculation and reporting of clinical quality measures.	One-time implementation fee and monthly maintenance fee per measure.
